## **Two Institutional Best Practices 2017 - 18**

### **1. Title of the Practice Green Campus:**

Green Campus - Clean campus Objectives of the practice – The College conducts a large number of practices in its campus on the vision, mission and objective of the college. The college also understands its responsibilities towards regional, state, national and ultimately global challenges regarding global warming, plastic hazards and preservation of bio- diversity. Green campus challenge has been designed with a vision of making campus more sustainable and greener and promotes the idea and necessity of the same. We encourage healthy and eco-friendly environment in and around the institute The Context: - The College has green and pollution free ambiance. To maintain pollution free environment college, emphasize to not only hold plantation program in campus but also strives at their protection. The Practice and Evidence: This college values green environment to the utmost degree and makes constantly all the efforts to keep the campus perennially green. Some green measures taken by our college are • Tree plantation: Each year the college plants score of saplings in and around the campus The NSS wing of college engages in tree plantation every monsoon. • Each year college organizes a plantation drive by students and teachers to ensure awareness in all its ranks. • Students prefer to sitting outside, under the trees in their spare times rather than in fan cooled rooms. • The college NSS wing organizes cleanliness campaign every Saturday. • Students actively participated in Swachh Bharat Abhiyan. The nationwide cleanliness drive under the able guidance of faculty. • A cleanliness campaign is also initiated every year on 2nd October on the occasion of Gandhi Jayanti. • To minimize air pollution burning of green waste is strictly prohibited. In order to ensure safe drinking water the college has installed RO water purifier in the campus and both the building has separate drinking water coolers. • Students of our college also involved in environmental related efforts like cleaning of surroundings around the college building wall and local areas. We also try to spread awareness about plastic free zone and to avoid of single use plastic. Cleanliness and greenery being integrally related, this college makes constant efforts to keep the premises clean. At regular intervals, swachhata drives are undertaken by the teachers and non-teaching staff of the college.

## 2. Institutional Best Practice

This is the best practice we have incorporated in post assessment session of NAAC Use of Computer Technology in academics and administration • Objectives To develop and enhance competencies in teaching, learning and research. To improve computer literacy among students. To increase the efficiency of team work by increasing effective communication • The Context Students come from various socio-economic backgrounds with little or no access to Information Communication technology (ICT) for learning. The use of ICT by the college has positive impact on learning experience. The importance of ICT lies in focusing individual student, teacher and thus improving overall teaching learning experience. It helps to develop aptitude from descriptive to analytical, from academic to practical and to decide the future career goals. • The Practice • College has a facility of 20 Computers with 1 LCD projector equipped rooms for conducting lecture, practical sessions and seminars • Network Resource Centre (NRC) – Adequate provision of about 20 computers with internet facility. Students extensively visit and use facilities of NRC. Students prepare power point representation on different topics for internal examinations. Teachers and students frequently visit different website for updating of their knowledge. • Internet facility is provided to all departments of the college. • College website is developed for presenting activities of college related to academics, administration, research and student support services • Library makes use of advance technologies to access online reference databases • Teachers are using ICT facility for preparation and presentation of lectures. • ICT facility is provided for guest lectures • Lecture notes, references, information is exchanged between teachers and students using ICT • The ICT facility is used for demonstration of practical sessions and their standardization. • Use of different website for Education • The students and teachers use official email IDs to exchange the information. • The online software helps to organize various tasks in teaching and learning. • ICT in languages • The number of publications in national and international journals, poster presentations in State, National / International conferences has increased because of ICT facility. • The students access various educational websites and online examinations for preparation of various competitive examinations Problems Encountered and Resources Required • Technical Problems related to presentation • Antivirus up gradation, • Orientation of staff and students for using advanced technology. • Encouragement for more applications of ICT
